TO WHOM IT MAY CONCERN

Dear Sirs;

We have met Anil Seth, Director and Owner of Libran Engineering & Services during our visit to India in 2010, in the frame of a professional and business trip.

We appreciated their innovative capabilities in designing Material Handling Systems for various bulk materials and also their knowledge about various suppliers for material handling equipment in India and also abroad.

We evaluated their capabilities of handling and reviewing material handling projects, having extensive knowledge of the latest equipments and techniques.

We wish them a good luck
